

DRILLERS SUPPELEMENTAL APPLICATION

APPLICANT: _____ DATE: _____

- The following must be attached to this application:**
-) Completed ACORD application including list of drivers showing their names as they appear on their licenses, dates of birth and year employed by you.
 -) Three **full** years of loss information.
 -) Copies the contract you use with your customers.

1. What percentage of your revenue is derived from the following operations:

Domestic Water Well Drilling	%	Agricultural Irrigation	%
Industrial Water Well Drilling	%	Geothermal Drilling	%
Commercial Water Well Drilling	%	Environmental Drilling	%
Municipal Water Well Drilling	%	Drilling for the Oil or Gas Industry	%
Pump Installation, repair or service	%	Core Drilling	%
Plumbing inside buildings (not related to well drilling operations)	%	Drilling/testing/monitoring Waste Facilities	%

Other (i.e. wells for filling lakes or ponds, golf course irrigation, livestock watering, landscapes, parks, etc.) _____

2. Specify the type of work performed for industrial, commercial and municipal jobs

3. State(s) where you conduct your operations:
4. What is the normal operating radius from your premises (in miles)?
 Do you ever operate beyond that radius? If so, how often?
 How far would you travel to perform a job?
5. What percentage of your work takes place in rural areas? _____%
 in residential areas? _____% in commercial or industrial areas? _____%
6. What type of drilling method(s) do you use (cable tool, rotary, auger, etc.)?

7. When operating in an area where there is a concentration of buildings, what steps do you take before drilling to reduce the possibility of claims for property damage and noise?

8. How do you prevent members of the public from entering your work area, both during operations and after hours?

9. What steps do you take to identify underground hazards before drilling? (i.e., consulting surveys, maps, utility companies, etc.)

10. What steps do you take to make sure the ground over which you must move or set up your equipment is stable enough for the weight of the equipment?

11. Do you ever act as a subcontractor to another contractor? If so, do you become a party to hold harmless/indemnification provisions as part of the contract?
Please attach copies of recent contracts you've signed (include at least one example of a contract containing a hold harmless/indemnification provision, if applicable).
12. Do you employ subcontractors? If so, type of work subcontracted.
Please attach a copy of the contract you use.
Do you obtain Certificates of Insurance from your subcontractors?
13. Do you ever work on property owned by a railroad or within 50' of railroad tracks?
If so, how many times has this occurred in the past five years?
14. For pump installation, repair or service do you or your subcontractors perform the connections to the buildings?
15. Do you or your subcontractors perform blasting operations?
16. Do you perform or subcontract consulting, analysis or testing operations?
17. How many employees do you have? How many employees are assigned to one job?
18. Describe your employee selection and training procedures.

19. Please describe how equipment is secured on your trucks.

20. Do you have a safety program? Please attach a copy, if written, or briefly describe it.

21. Please provide a brief overview of your maintenance procedures.

22. Are you in compliance with all state, federal and local laws, regulations and ordinances?
How do you document that compliance?
23. Is all heavy equipment equipped with fire extinguishers?
24. Is equipment inspected daily before operation? If a checklist is used, please attach.
25. Do you lease or loan equipment to others? If so, how often?
Do you obtain Certificates of Insurance from the other party?
If so, please attach a sample, along with a sample copy of the agreement you use.

If you are a water well driller, please answer the following questions:

26. Do you ever guarantee or warrant the depth or pressure of a well? Quality or potability of the water? Please attach a sample of the contract you use.
27. Depth of wells drilled in the last 3 years:
<200 feet_____% 200-500 feet_____% 500-1000 feet_____% >1000 feet_____%
28. Is the electrical equipment you install fully guaranteed by the manufacturer?
29. Are you a member of the National Ground Water Association or any state or regional water well drilling association? If yes, please list

30. Have you completed the NGWA's Voluntary Certification Program Examination?
31. Do you utilize the recommended safe operating practices and guidelines of the NGWA?

Applicant Signature _____ **Title** _____

I certify that the information provided in this application is true and correct to the best of my knowledge.
